The Bidder certifies that he does not maintain or provide for his employees any segregated facilities at any of his establishments, and that he does not permit any of his employees to perform their services at any location under his control where segregated facilities are maintained. The Bidder certifies further that he will not maintain or provide for his employees any segregate facilities at any of his establishments, and that he will not permit any of his employees to perform their services at any location under his control where segregated facilities are maintained. The Bidder agrees that a breach of this certification will be a violation of the Equal Opportunity Clause in any contract resulting from his acceptance of the bid. As used in this certification, the terms "segregated facilities" means any waiting rooms, work area, restores and washrooms, restaurants and other areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin, because of habit, local custom, or otherwise. The Bidder agrees that (except where he has obtained identical certifications from proposed subcontractors for specific time periods) he will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding $10,000 which are not exempt from the provisions of the Equal Opportunity Clause, and that he will retain such certification in his files.

17. The undersigned Bidder hereby agrees that if this bid shall be accepted by the Housing Authority and the undersigned shall fail to execute and deliver the Contract and performance bonds in accordance

with the requirements of the Instructions to Bidders, then the undersigned shall be deemed to have abandoned the Contract and thereupon the Bid and its acceptance shall be null and void and the Housing Authority may be entitled to the amount of the certified check, cashier's check, or bid bond as damages, otherwise said certified check, cashier's check, or bid bond shall be returned to the undersigned.

18. This bid is accompanied by a certified check $ _____, cashier's check $ _____, or Bid Bond $ 5% _____, to the order of the Housing Authority in an amount as follows: for contracts up $200,000 the bid guarantee amount shall be 10%; for contracts from $200,001 to $400,000 the bid guarantee shall be $20,000; for contracts over $400,000 the bid guarantee shall be 5%. Any surety company used for the purpose of issuing a bid or performance and payment bond must be approved to act as surety on bonds securing government contracts issued by the U. S. Treasury Circular No. 570, as published annually in the Federal Register.

19. CONTRACT PERIOD The work shall commence at the time stipulated in the Notice to Proceed to the Contractor and shall be fully completed within (not to exceed) one hundred and eighty (180) consecutive calendar days thereafter.

20. LIQUIDATED DAMAGES As actual damages for any delay in completion are impossible to determine, the Contractor and his sureties shall be liable for and shall pay to the Housing Authority the sums hereinafter stipulated as fixed, agreed and liquidated damages for each calendar day, including weekends and holidays, of delay until the work is completed or accepted. Liquidated damages shall be in the amount of:

FIVE HUNDRED ($500) DOLLARS PER CALENDAR DAY

The liquidated damage provision contained in this contract shall not be the exclusive damage remedy available to the Housing Authority and the parties hereto agree that the Housing Authority shall, in its discretion, additionally have the right to assert and claim any real or actual damages which may be sustained by it. In addition to liquidated damages, be advised that in the event of performance of this contract, the Housing Authority reserves the right to consider any unjustified delay beyond the contract completion date as a bearing on your responsibility to perform future contracts for the Housing Authority.

The Contractor shall not be penalized or charged with liquidated damages because of any delays in the completion of the contract due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not limited to, acts of God or the public enemy, acts of the government, fires, floods, epidemics, quarantine restrictions, freight embargoes, blackouts, trade disputes, and unusually severe weather conditions. Documentation of any and all delays must be provided by the Contractor.

21. ALTERNATIVE DISPUTE RESOLUTION In submitting this bid, the bidder acknowledges that, pursuant to N.J.S.A. 40A:11-50 (P.L. 1997, c. 371), the contract documents contain provisions for an alternative dispute resolution ("ADR") procedure, set forth and defined, in its entirety, in Paragraph 31, entitled "Disputes" of the General Conditions of the Contract, as amended by the Special Conditions of the Contract, incorporated herein by reference, which procedure conforms to industry standards, and which must be utilized to attempt to resolve disputes arising under the contract prior to such disputes being submitted to a court for adjudication. Any such dispute shall be settled by mediation, as that term is defined in the Special Conditions, pursuant to the Mediation Rules of the Housing Authority (the "Mediation Rules"). The Contractor, as the successful bidder, agrees to mediation pursuant to the Mediation Rules, currently in effect, on file with the Housing Authority and available upon request. The cost of Mediation shall be paid entirely by the Contractor.

Nothing in this section shall prevent the contracting unit/officer from seeing injunctive or declaratory relief in court at any time.

When a dispute concerns more than one contract, i.e. a construction contract and a related contract involving design, architecture, management, or engineering, or when more than one dispute of a similar nature arises under a construction contract, all interested parties may be included in the ADR proceeding, at the request of one of the contracting parties, unless determined to be inappropriate by the person appointed to resolve the dispute. The term "construction contract" includes contracts for construction, or its related architecture, engineering or construction management. The ADR shall not apply to disputes concerning the bid solicitation or award process, or to the formation of contracts or subcontracts to be entered into pursuant to N.J.S.A. 40A:11-1 et seq.

22. CONTRACTOR'S EXPERIENCE The bidder shall be a State licensed contractor and shall be totally familiar with all the procedures and materials integral to the system. The bidder shall provide written documentation of previous experience with equal size installations of this contract. The Housing Authority may make such investigations ad deemed necessary to determine the ability of the bidder to perform the work, and the bidder shall furnish to the Owner all such information and data for this purpose as the Owner may request, including but not limited to, his previous experience in performing comparable work, his business and technical organizations, and financial resources.

23. BUSINESS REGISTRATION CERTIFICATE At the time of the bid, the bidder should submit a certification that the bidder has complied with the business registration provisions of N.J.S.A. 52:32-44 and N.J.S.A. 40A:11-23.2, and, in particular, that the bidder has either: (a) obtained a Business Registration Certificate from the State of New Jersey, Department of Treasury and has attached a true copy of the said Certificate to the Certification; or (b) obtained a Certificate of Registration for Individuals Contracting with Public Agencies from the State of New Jersey, Department of the Treasury and has attached a true copy of the said Certificate to the Certification. Failure to submit this form and its accompanying documents could result in rejection of the bid. However, pursuant to N.J.S.A. 40A:11-23.2 and N.J.S.A. 52:32.44 (1)(b), both as recently amended in January 2010 by P.L. 2009, c.315 the Authority, at its sole option and discretion, can determine that the Contractor determined to be the lowest responsible bidder can provide the Business Registration Certificate to the Authority subsequent to the bidding process, but prior to the time a contract is executed.

24. LICENSED SUBCONTRACTORS At the time of the bid, the bidder shall submit a certificate which lists subcontractors for the furnishing of plumbing, gas fitting, heating/ventilation/air conditioning, electrical, structural steel and ornamental iron work. Said certificate shall identify the scope of work for which each listed subcontractor for the above referenced trades has submitted a price quote and for which the bidder has agreed to award to each subcontractor should the bidder be awarded the contract. Said certificate shall also include for each subcontractor named thereon: (a) the subcontractor name; (b) address; (c) telephone number; (d) New Jersey license number (if applicable); (e) name of licensee (if applicable). Failure to submit this form and its accompanying documents will result in rejection of the bid. In addition, at the time of the bid, the bidder should submit a copy of the Business Registration Certificate and enter on the subcontractor certificate the number of such certificates for each subcontractor required to be listed as a subcontractor. However, pursuant to the revisions in the law described in paragraph 23 above, the Authority, at its sole option and discretion, can determine that the Contractor determined to be the lowest responsible bidder can provide the Business Registration Certificate of any subcontractor required to be listed to the Authority subsequent to the bidding process, but prior to the time a contract is executed with the Contractor.

25. OTHER SUBCONTRACTORS For those subcontractors not referenced in the above paragraph, the bidder acknowledges that no contract with a subcontractor shall be entered into by any contractor under any contract with the Authority unless the subcontractor first provides proof of valid business

registration as indicated in the Business Registration Certification that forms a part of this bid. Moreover, the successful bidder shall comply with all of the requirements set forth in the Business Registration Certification with respect to subcontractors. The bidder further acknowledges that the successful contractor shall maintain and submit to the Authority a list of subcontractors and their addresses that may be updated from time to time during the course of the contract performance. A complete and accurate list shall be submitted before final payment is made for goods provided or services rendered or for the construction of a construction project under the contract.

26. TAX EXEMPTION Bidders are to take note that the Housing Authority is an exempt organization under the provisions of the New Jersey State Sales and Use Tax Act and the payment of sales taxes are not required.

27. LEAD-BASED PAINT Any contractor awarded a contract shall comply with 24 CFR Part 35 prohibiting the use of lead-based paint.

28. GUARANTEE OF WORK The Contractor shall guarantee all work and materials under this contract to be free from defects in workmanship or materials except for normal wear and tear for a period of one (1) year from the date of completion and acceptance by the Owner and agrees to replace any such defects at no charge to the Owner during that period. The Contractor agrees to furnish a surety corporation bond in the amount of five (5) percent of the paid contract price to insure the one (1) year guarantee obligations prior to final payment.

29. PRICE ESCALATION CLAUSE The Contractor agrees that in the event of a significant price increase of material during the performance of the Contract through no fault of the Contractor, the Contract Value may be equitably adjusted by Change Order in accordance with the procedures of the Contract Documents. A change in price of an item material will be considered significant (as utilized in this clause) when the price of said item of material increases 20% between the date of this Contract and the date of purchase of said material for use on the Project. The amount of this increase shall be capped at 20%. In the event of a material price increase, the Contractor shall submit, as a minimum, all of the following information, 1) manufacturer's price list at the date of the Contract and the date of a claim under this escalation clause, 2) distributer/retailer quote or invoice at the date of the Contract and the date of a claim under this escalation clause, and 3) data from recognized US commodity market reflecting US and regional (NY-NJ) market prices at the date of the Contract and the date of a claim under this escalation clause. The Contractor shall make every best effort, and demonstrate that it has done so, to lock in material costs or to pre-purchase materials for use of this project to be stored at the Project Sites.

NOTE: The penalty for making false statements in offers is prescribed in 18 U.S.C. Section 1001.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

In-Line Architectural Glass & Metal Inc. (the "Company) ("In-Line") is a corporation organized under the laws of the State of New Jersey. The Company's primary business activity is storefront installations and light general construction. Primary customers consists of schools, local, county, state and federal government facilities as well as private commercial buildings and residential properties. Work is performed under various types of long-term construction contracts, including those for which revenues are based on either a fixed price or time-and-materials basis. Significant contracts typically have durations from three months to two years. Operations started in February 2022.

Management uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expense. Actual results could vary from the estimates that were used.

The Company, as conditions for entering into contracts, had outstanding surety bonds of approximately $5,800,000 at June 30, 2026. The bonds are collateralized by contract receivables and are guaranteed by the shareholder of the Company.

CONTRACTS RECEIVABLE

Based upon management's assessment of the credit history with customers having outstanding balances and current relationships with them, it has concluded that realization of losses on balances outstanding at the six months end will be immaterial. Contract receivables are written off when they are determined to be uncollectible. The allowance for doubtful accounts are estimated based on the Company's historical losses, the existing economic conditions in the construction industry, and the financial stability of its customers.

PROPERTY, EQUIPMENT, AND DEPRECIATION

Property and Equipment are stated at cost. Depreciation is being provided using both straight-line and accelerated methods over the estimated useful lives of the respective assets, which is generally five to seven years.

REVENUE FROM CONTRACTS WITH CUSTOMERS

The Company operates as a contractor in Fairfield, New Jersey. The Company's viability is dependent on the strength of the construction industry in the New York/New Jersey/Connecticut Tri-State region. The work is performed under fixed-price contracts modified by incentive provisions and change orders. The length of the contracts vary but are typically one to two years. The Company recognizes contract revenue for financial reporting purposes over time. Progress toward completion of the Company's contract is measured by the percentage of cost incurred to date to estimated total costs for each contract.

This method is used because management considered total cost to be the best available measure of progress on contracts. Because of inherent uncertainties in estimating costs, it is at least reasonably possible that the estimates used will change significantly within the near term.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

TRANSITION - MODIFIED RETROSPECTIVE METHOD

The Financial Accounting Standards Board (FASB) issued new guidance that created Topic *606, Revenue from Contracts with Customers,* in the Accounting Standards Codification (ASC). Topic 606 supersedes the revenue recognition requirements in FASB ASC 605, *Revenue Recognition,* and requires the recognition of revenue when promised goods or services are transferred to customers in an amount that reflects the consideration to which an entity expects to be entitled in exchange for those goods or services. The new guidance also added Subtopic 340-40, *Other Assets and Deferred Costs - Contracts with Customers,* to the ASC to require the deferral of incremental costs of obtaining a contract with a customer. Collectively, we refer to the new Topic 606 and Subtopic 340-40 as the "new guidance".

We adopted the requirements of the new guidance as of January 1, 2023, utilizing the modified retrospective method of transition. We applied the new guidance using the practical expedient provided in Topic 606 that allows the guidance to be applied only to contracts that were not complete as of January 1, 2023. Adoption of the new guidance resulted in changes to our accounting policies for revenue recognition, costs and estimated earnings in excess of billings on uncompleted contracts, billings in excess of costs and estimated earnings on uncompleted contracts, and deferred contract costs as detailed below. The impact of adopting the new guidance was immaterial to the financial statements so no adjustment to beginning retained earnings was necessary.

The Company's projects are in governmental, industrial, and commercial buildings for customers. Contracts are fixed-price, with incentive provisions. The payment terms and conditions in customer contracts vary. The construction of a building is a single performance obligation that is satisfied over time.

Payment typically is due over time in installments, based on project phases as specified in the contracts. Final payment is due at the point in time when the contract is finished.

SIGNIFICANT JUDGMENTS

Contracts may include bonuses or other consideration that depend on Company performance. For performance bonuses based on objective criteria, such as meeting specified construction deadlines, the Company estimates the amount of consideration to which it expects to be entitled based on historical experience for similar projects and recognizes that amount as revenue as progress is completed. If weather conditions, lack of historical experience or similar projects, or other factors, create uncertainty about the amount to which the Company expects to be entitled, the Company limits its estimate to an amount that will not result in a significant reversal of revenue when the uncertainty is resolved. Performance bonuses based on subjective criteria, such as customer acceptance, are recognized only when earned.

INCOME TAXES

In-Line Architectural Glass & Metal Inc. (The "Company") and its stockholder elected to be taxed as an S Corporation under the provisions of Sub-Chapter S of the Internal Revenue Code and the tax regulations for the State of New Jersey. As such, the taxable income or losses of the Company are included in the individual tax returns of the stockholders for Federal and New Jersey income tax purposes.
