19. CONTRACT PERIOD The work shall commence at the time stipulated in the Notice to Proceed to the Contractor and shall be fully completed within (not to exceed) one hundred and eighty (180) consecutive calendar days thereafter.
20. LIQUIDATED DAMAGES As actual damages for any delay in completion are impossible to determine, the Contractor and his sureties shall be liable for and shall pay to the Housing Authority the sums hereinafter stipulated as fixed, agreed and liquidated damages for each calendar day, including weekends and holidays, of delay until the work is completed or accepted. Liquidated damages shall be in the amount of:

FIVE HUNDRED (\$500) DOLLARS PER CALENDAR DAY

The liquidated damage provision contained in this contract shall not be the exclusive damage remedy available to the Housing Authority and the parties hereto agree that the Housing Authority shall, in its discretion, additionally have the right to assert and claim any real or actual damages which may be sustained by it. In addition to liquidated damages, be advised that in the event of performance of this contract, the Housing Authority reserves the right to consider any unjustified delay beyond the contract completion date as a bearing on your responsibility to perform future contracts for the Housing Authority.

The Contractor shall not be penalized or charged with liquidated damages because of any delays in the completion of the contract due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not limited to, acts of God or the public enemy, acts of the government, fires, floods, epidemics, quarantine restrictions, freight embargoes, blackouts, trade disputes, and unusually severe weather conditions. Documentation of any and all delays must be provided by the Contractor.

21. ALTERNATIVE DISPUTE RESOLUTION In submitting this bid, the bidder acknowledges that, pursuant to N.J.S.A. 40A:11-50 (P.L. 1997, c. 371), the contract documents contain provisions for an alternative dispute resolution ("ADR") procedure, set forth and defined, in its entirety, in Paragraph 31, entitled "Disputes" of the General Conditions of the Contract, as amended by the Special Conditions of the Contract, incorporated herein by reference, which procedure conforms to industry standards, and which must be utilized to attempt to resolve disputes arising under the contract prior to such disputes being submitted to a court for adjudication. Any such dispute shall be settled by mediation, as that term is defined in the Special Conditions, pursuant to the Mediation Rules of the Housing Authority (the "Mediation Rules"). The Contractor, as the successful bidder, agrees to mediation pursuant to the Mediation Rules, currently in effect, on file with the Housing Authority and available upon request. The cost of Mediation shall be paid entirely by the Contractor.

Nothing in this section shall prevent the contracting unit/officer from seeking injunctive or declaratory relief in court at any time.

When a dispute concerns more than one contract, i.e. a construction contract and a related contract involving design, architecture, management, or engineering, or when more than one dispute of a similar nature arises under a construction contract, all interested parties may be included in the ADR proceeding, at the request of one of the contracting parties, unless determined to be inappropriate by the person appointed to resolve the dispute. The term "construction contract" includes contracts for construction, or its related architecture, engineering or construction management. The ADR shall not apply to disputes concerning the bid solicitation or award process, or to the formation of contracts or subcontracts to be entered into pursuant to N.J.S.A. 40A:11-1 et seq.

22. CONTRACTOR'S EXPERIENCE The bidder shall be a State licensed contractor and shall be totally familiar with all the procedures and materials integral to the system. The bidder shall provide written documentation of previous experience with equal size installations of this contract. The Housing Authority may make such investigations as deemed necessary to determine the ability of the bidder to perform the work, and the bidder shall furnish to the Owner all such information and data for this purpose as the Owner may request, including but not limited to, his previous experience in performing comparable work, his business and technical organizations, and financial resources.
23. BUSINESS REGISTRATION CERTIFICATE At the time of the bid, the bidder should submit a certification that the bidder has complied with the business registration provisions of N.J.S.A. 52:32-44 and N.J.S.A. 40A:11-23.2, and, in particular, that the bidder has either: (a) obtained a Business Registration Certificate from the State of New Jersey, Department of Treasury and has attached a true copy of the said Certificate to the Certification; or (b) obtained a Certificate of Registration for Individuals Contracting with Public Agencies from the State of New Jersey, Department of the Treasury and has attached a true copy of the said Certificate to the Certification. Failure to submit this form and its accompanying documents could result in rejection of the bid. However, pursuant to N.J.S.A. 40A:11-23.2 and N.J.S.A. 52:32.44 (1)(b), both as recently amended in January 2010 by P.L. 2009, c.315 the Authority, at its sole option and discretion, can determine that the Contractor determined to be the lowest responsible bidder can provide the Business Registration Certificate to the Authority subsequent to the bidding process, but prior to the time a contract is executed.
24. LICENSED SUBCONTRACTORS At the time of the bid, the bidder shall submit a certificate which lists subcontractors for the furnishing of plumbing, gas fitting, heating/ventilation/air conditioning, electrical, structural steel and ornamental iron work. Said certificate shall identify the scope of work for which each listed subcontractor for the above referenced trades has submitted a price quote and for which the bidder has agreed to award to each subcontractor should the bidder be awarded the contract. Said certificate shall also include for each subcontractor named thereon: (a) the subcontractor name; (b) address; (c) telephone number; (d) New Jersey license number (if applicable); (e) name of licensee (if applicable). Failure to submit this form and its accompanying documents will result in rejection of the bid. In addition, at the time of the bid, the bidder should submit a copy of the Business Registration Certificate and enter on the subcontractor certificate the number of such certificates for each subcontractor required to be listed as a subcontractor. However, pursuant to the revisions in the law described in paragraph 23 above, the Authority, at its sole option and discretion, can determine that the Contractor determined to be the lowest responsible bidder can provide the Business Registration Certificate of any subcontractor required to be listed to the Authority subsequent to the bidding process, but prior to the time a contract is executed with the Contractor.
25. OTHER SUBCONTRACTORS For those subcontractors not referenced in the above paragraph, the bidder acknowledges that no contract with a subcontractor shall be entered into by any contractor under any contract with the Authority unless the subcontractor first provides proof of valid business

registration as indicated in the Business Registration Certification that forms a part of this bid. Moreover, the successful bidder shall comply with all of the requirements set forth in the Business Registration Certification with respect to subcontractors. The bidder further acknowledges that the successful contractor shall maintain and submit to the Authority a list of subcontractors and their addresses that may be updated from time to time during the course of the contract performance. A complete and accurate list shall be submitted before final payment is made for goods provided or services rendered or for the construction of a construction project under the contract.

26. TAX EXEMPTION Bidders are to take note that the Housing Authority is an exempt organization under the provisions of the New Jersey State Sales and Use Tax Act and the payment of sales taxes are not required.
27. LEAD-BASED PAINT Any contractor awarded a contract shall comply with 24 CFR Part 35 prohibiting the use of lead-based paint.
28. GUARANTEE OF WORK The Contractor shall guarantee all work and materials under this contract to be free from defects in workmanship or materials except for normal wear and tear for a period of one (1) year from the date of completion and acceptance by the Owner and agrees to replace any such defects at no charge to the Owner during that period. The Contractor agrees to furnish a surety corporation bond in the amount of five (5) percent of the paid contract price to insure the one (1) year guarantee obligations prior to final payment.
29. PRICE ESCALATION CLAUSE The Contractor agrees that in the event of a significant price increase of material during the performance of the Contract through no fault of the Contractor, the Contract Value may be equitably adjusted by Change Order in accordance with the procedures of the Contract Documents. A change in price of an item material will be considered significant (as utilized in this clause) when the price of said item of material increases 20% between the date of this Contract and the date of purchase of said material for use on the Project. The amount of this increase shall be capped at 20%. In the event of a material price increase, the Contractor shall submit, as a minimum, all of the following information, 1) manufacturer's price list at the date of the Contract and the date of a claim under this escalation clause, 2) distributor/retailer quote or invoice at the date of the Contract and the date of a claim under this escalation clause, and 3) data from recognized US commodity market reflecting US and regional (NY-NJ) market prices at the date of the Contract and the date of a claim under this escalation clause. The Contractor shall make every best effort, and demonstrate that it has done so, to lock in material costs or to pre-purchase materials for use of this project to be stored at the Project Sites.

NOTE: The penalty for making false statements in offers is prescribed in 18 U.S.C. Section 1001.

DECEMBER 31, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

NATURE OF BUSINESS

White Rock Corp (the "Company") was formed and began operations in July 2015. The Company is a contractor engaged in general construction and operates in New Jersey.

Management uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expense. Actual results could vary from the estimates that were used.

The Company, as conditions for entering into certain construction contracts, obtains surety bonds. As of December 31, 2025, there are no outstanding surety bonds. The bonds are collateralized by contract receivables and the personal guaranty of the shareholder of the Company.

PROPERTY, EQUIPMENT AND DEPRECIATION

Property and Equipment are stated at cost. Depreciation is being provided using accelerated and straight line methods over the following estimated useful lives:

	<u>Years</u>
Building and Leasehold Improvements	7-40
Machinery and Equipment	5-10
Transportation Equipment	3-5
Furniture and Fixtures	5

REVENUE FROM CONTRACTS WITH CUSTOMERS

The Company operates as a construction contractor in Old Bridge, New Jersey. Therefore, the Company's viability is dependent on the strength of the construction industry in the New York/New Jersey Tri-State region. The work is performed under fixed-price contracts modified by incentive provisions and change orders. The length of the contracts vary but are typically one to two years. The Company recognizes contract revenue for financial reporting purposes over time. Progress toward completion of the Company's contract is measured by the percentage of cost incurred to date to estimated total costs for each contract.

This method is used because management considered total cost to be the best available measure of progress on contracts. Because of inherent uncertainties in estimating costs, it is at least reasonably possible that the estimates used will change significantly within the near term.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

TRANSITION - MODIFIED RETROSPECTIVE METHOD

The Financial Accounting Standards Board (FASB) issued new guidance that created Topic 606, *Revenue from Contracts with Customers*, in the Accounting Standards Codification (ASC). Topic 606 supersedes the revenue recognition requirements in FASB ASC 605, *Revenue Recognition*, and requires the recognition of revenue when promised goods or services are transferred to customers in an amount that reflects the consideration to which an entity expects to be entitled in exchange for those goods or services.

The new guidance also added Subtopic 340-40, *Other Assets and Deferred Costs - Contracts with Customers*, to the ASC to require the deferral of incremental costs of obtaining a contract with a customer. Collectively, we refer to the new Topic 606 and Subtopic 340-40 as the "new guidance".

We adopted the requirements of the new guidance as of January 1, 2020, utilizing the modified retrospective method of transition. We applied the new guidance using the practical expedient provided in Topic 606 that allows the guidance to be applied only to contracts that were not complete as of January 1, 2020. Adoption of the new guidance resulted in changes to our accounting policies for revenue recognition, costs and estimated earnings in excess of billings on uncompleted contracts, billings in excess of costs and estimated earnings on uncompleted contracts, and deferred contract costs as detailed below. The impact of adopting the new guidance was immaterial to the financial statements so no adjustment to beginning retained earnings was necessary.

The Company constructs and improves industrial and commercial buildings for customers. Contracts are fixed-price, with incentive provisions. The payment terms and conditions in customer contracts vary. The construction of a building is a single performance obligation that is satisfied over time.

Payment typically is due over time in installments, based on project phases as specified in the contracts. Final payment is due at the point in time when the contract is finished.

SIGNIFICANT JUDGMENTS

Contracts may include bonuses or other consideration that depend on Company performance. For performance bonuses based on objective criteria, such as meeting specified construction deadlines, the Company estimates the amount of consideration to which it expects to be entitled based on historical experience for similar projects and recognizes that amount as revenue as progress is completed. If weather conditions, lack of historical experience or similar projects, or other factors, create uncertainty about the amount to which the Company expects to be entitled, the Company limits its estimate to an amount that will not result in a significant reversal of revenue when the uncertainty is resolved. Performance bonuses based on subjective criteria, such as customer acceptance, are recognized only when earned.

CASH EQUIVALENTS

For purpose of the statements of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

CONCENTRATION OF CREDIT RISK

The Company maintains cash balances in its bank which, at times, may exceed the limits of the Federal Deposit Insurance Corp. (FDIC). At December 31, 2025, there were approximately \$1,500,000 of uninsured balances.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

CONTRACT RECEIVABLES

Contract receivables are recorded when invoices are issued and are presented in the balance sheet net of the allowance for doubtful accounts. Based on management's assessment of the credit history with customers having outstanding balances and current relationships with them, it has concluded that realization of losses on balances outstanding at year end will be immaterial. Contract receivables are written off when they are determined to be uncollectible. The allowance for doubtful accounts is estimated based on the Company's historical losses, the existing economic conditions in the construction industry, and the financial stability of its customers.

INCOME TAXES

The Company and its stockholder elected to be taxed as an S CORP under the provisions of Sub-Chapter S of the Internal Revenue Code and the tax regulations for the State of New Jersey. As such, the taxable income or losses of the Company are included in the individual tax returns of the stockholders for Federal and State income tax purposes.

State taxes are provided for the tax effects of transactions reported in the financial statements and consists of taxes currently due plus deferred taxes related primarily to the difference between the bases of long-term contracts for financial reporting and income tax reporting. The deferred taxes represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. For state income tax purposes, the Company uses the cash basis method of recognizing revenues on long-term contracts. Under this method, contract revenues are deferred until received. The bases of long-term contracts for financial reporting, therefore, exceed the tax bases. The excess will be taxable when the contract revenues are received.

The Company has also elected to participate in the New Jersey Business Alternative Income Tax Act (BAIT Act). BAIT allows the Company to pay and expense NJ state tax at the corporate level on behalf of its shareholders.

The Company has adopted the provisions of ASC 740-10, "Accounting for Uncertainty in Income Taxes", in addition to ASU 2008-06, "Application Guidance for Pass-Through Entities and Tax-Exempt Not-for-Profit Entities and Disclosure Modifications for Nonpublic Entities".

ASC 740-10-25 and ASU 2008-06 present a recognition threshold and measurement attribute for how an entity should recognize, measure, present and disclose in its financial statements uncertain tax provisions that the entity has taken or expects to take on a tax return.

The Company analyzed the filing positions in all of the federal and state jurisdictions where it is required to file income tax returns, as well as all open tax years in these jurisdictions. The Company did not have any unrecognized tax positions from tax positions that do not meet the more likely than not criterion. Accordingly, there was no effect on the Company's financial condition or results of operations for the year ended December 31, 2025.

DECEMBER 31, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

The Company recognizes interest and penalties related to uncertain tax positions in income tax expense. As of December 31, 2025, the Company made no provision for interest or penalties related to uncertain tax positions. The Company files income tax (pass-through) returns in the U.S. federal jurisdiction and in various states and localities. There are currently no federal, state or local income tax examinations underway for these jurisdictions. Furthermore, the Company is no longer subject to U.S. federal income tax examinations by the Internal Revenue Service for tax years before 2021 and before 2020 for state and local authorities. The Company's tax years of 2021 and forward are subject to examination by federal, state and local taxing authorities.

DATE OF MANAGEMENT REVIEW

Management has evaluated subsequent events as January 23, 2026, the date on which the financial statements were available to be issued.

NOTE 2 - CONTRACTS RECEIVABLE

Contracts Receivable consist of the following at December 31:

Completed Contracts	\$	967,939
Contracts in Progress		1,223,707
Retainage		80,680
	\$	<u>2,272,326</u>

NOTE 3 - CONTRACT BALANCES

The timing of revenue recognition, billings and cash collections results in billed accounts receivable, contract assets and contract liabilities on the balance sheets. Contract assets represent work performed that could not be billed either due to contract stipulations or the required contractual documentation has not been finalized. Substantially all unbilled amounts are expected to be billed and collected within one year.

For fixed fee and time-and-materials based contracts, amounts are billed as work progresses in accordance with agreed-upon contractual terms, either at periodic intervals or upon achievement of contractual milestones. Generally, billing occurs subsequent to revenue recognition, resulting in contract assets. The Company's contract liabilities consist of advance payments, billings in excess of revenue recognition and deferred revenue.

The Company's contract assets and contract liabilities are reported in a net position on a contract-by-contract basis at the end of each reporting period. Advance payments, billings in excess of revenue recognized and deferred revenue are each classified as current.

Net contract assets (liabilities) consisted of the following as of December 31:

Contract assets - current	\$	4,975
Contract liabilities - current		—
Net Contract Assets	\$	<u>4,975</u>

Backlog represents the amount of revenue the Company expects to realize from work to be performed on Uncompleted Contracts in progress at year end and from contractual agreements on which work has not yet begun.

The following schedule summarizes backlog outstanding at December 31, 2025:

Work to be performed on uncompleted contracts	\$ 111,260
New contracts entered into for which work has not yet begun	<u>99,109</u>
Backlog Balance at December 31	<u>\$ 111,260</u>

NOTE 5 - INCOME TAXES

The provision for state income tax expense for the year ended December 31, 2025 consists of the following:

Current - State Corp. Tax	\$ 1,535
Current - State BAIT	<u>99,109</u>
Total State Income Tax Expense	<u>\$ 100,644</u>

The state income tax provision differs from the expense that would result from applying statutory rates to income before taxes because deferred income taxes are based on average rates and because certain expenses are not deductible for tax purposes.

NOTE 6 - MAJOR CUSTOMERS

There were 2 major customers with sales in excess of 10% of total sales and 1 customer with an accounts receivable balance in excess of 10% of total accounts receivable for the year ended December 31, 2025 as follows:

Sales (2 customers)	<u>\$ 5,157,449</u>
Accounts Receivable at December 31 (1 customer)	<u>\$ 1,223,707</u>

NOTE 7 - COMMITMENTS AND CONTINGENCIES

Bank Credit Facility

The Company has a \$1,000,000 line of credit with a commercial bank. The line bears interest at the rate of 6.5% and is secured by a lien on company assets, in addition to the personal guaranty of the stockholder. The line matures on June 1, 2027.

At December 31, 2025, there was no outstanding balance on this line.

Dear Business Representative:

Congratulations! You are now registered with the New Jersey Division of Revenue.

Use the Taxpayer Identification Number listed above on all correspondence with the Divisions of Revenue and Taxation, as well as with the Department of Labor (if the business is subject to unemployment withholdings). Your tax returns and payments will be filed under this number, and you will be able to access information about your account by referencing it.

Additionally, please note that State law requires all contractors and subcontractors with Public agencies to provide proof of their registration with the Division of Revenue. The law also amended Section 92 of the Casino Control Act, which deals with the casino service industry.

We have attached a Proof of Registration Certificate for your use. To comply with the law, if you are currently under contract or entering into a contract with a State agency, you must provide a copy of the certificate to the contracting agency.

If you have any questions or require more information, feel free to call our Registration Hotline at (609)282-8282.

I wish you continued success in your business endeavors.

Sincerely,

James J. Fruscione
